3 (Brooklyn, NY: Cuneiform, 2008) was typeset by Kyle Schlesinger with cover art by Rich Kegler.  
An audio recording of the author reading this poem is available at PennSound.

Believe the chalk, worm in  
A doll of, program, inner glow  
Be of use, kick down

Believe the chalk, door not open  
Be of use, program inner glow  
Big talk lunch, door not open

Come inside, act as if  
See out, glove all along  
Wonder how when, as the story opens

Something to eat, act as if  
See out, as the story opens  
Something to eat, a memory teenager

Hazel haze, put the cat out  
Sure please sure guarantee, dismay drift across  
Fire up with pink slip, is it dreams

Hazel haze, she he been fed  
Fire up with pink slip, dismay drift across  
Go back on, it's why, she he been fed

But enough about, badly needs be there  
Including yours, enjoy most about  
Hand-deliver thank you, carve underside simply because

Preview fingertips, badly needs be there  
Including yours, carve underside simply because  
Preview fingertips, none other than

Call in the morning, beneath sentences is lovely  
Any day now, some bring panic  
In it of it, how, if not why

Okay with that Early, beneath sentences is lovely  
Any day now, how, if not why  
Okay with that Early, where but with who

Snappy iota, this boat don't rise  
Rain's likely, woe betide  
So soon? Become partly to mostly

Snappy iota, won't No matter  
So soon? Woe betide  
Flip-flop, won't No matter

Vain insertion watery slip, could only forgot  
Shadowy ivy, walk Fear falling  
Ah, if, seek out

Ship handling, include overnite, could only forgot  
Shadow ivy, seek out  
Ship handling, include overnite, like that

Bring to mind, on sleep track  
Only grand theft auto, hip condition  
Jump nearly, it's all about

Bring to mind, this is what's  
Jump nearly, hip condition  
For crying out loud, this is what's

Above no questions ask, daybreak  
Above, all of the, flea shadows away  
Above audible, thereof midst

Above skyline, daybreak  
Above, all of the, thereof midst  
Above skyline, be pave

Obvious to, not playing  
Should be, gift bag or bit  
Not to worry, very little on not to

But so what? Not playing  
Should be, very little on not to  
But so what? All smiles, with dog

Small hills, the way express  
Possess many eras, be gone  
Give off ersatz lows, acqua switches

Small hills, U-haul popovers  
Give off ersatz lows, be gone  
Get up to go, U-haul popovers

For short, give a good  
Leafy robe loss, too talkative  
Maybe some money, english as seconds languish

Edge of any money, give a good  
Leafy robe loss, english as second languish  
Edge of any money, updates on

Light off ass, also in black  
Any left to breathe, then nothing  
There's this thing, then something

Pass it along, also in black  
Any left to breathe, then something  
Pass it along, shivery dizzy

Won't in ruby, wear over dusk blue crush  
Long sleeve baby dawn, eat leftovers  
Giftwrap in signs, shake on

Won't in ruby, wonder out loud  
Giftwrap in signs, eat leftovers  
Go two lights, wonder out loud

Intuition if, just because  
Such a paradise, star in explain away  
Oh, no, in as is

Dip photos, just because  
Such a paradise, in as is  
Dip photos, where was

Brink, but it's usually  
Twirler's softer drink, drive starry eye  
Makeover dunk, or so says

Brink, look at fact  
Makeover dunk, drive starry eye  
Splendid no-no, look at fact

Though it's true, on way  
Not saying, look from outside  
Entire skeleton, raise curtain

Or is that are, on way  
Not saying, raise curtain  
Or is that are, adults, you know, this way

Inner circle, not yet, not yet  
Turn and point, word for  
Somewhere in there, touch down on

Inner circle, want to say  
Somewhere in there, word for  
Across street, want to say

Fog, agree silently, yummy tote logo goodies  
Nametag future tulip, windy cloudy terrier  
Many tongue without looking, leaves turn color

Absolute seabreeze, yummy tote logo goodies  
Nametag future tulip, leaves turn color  
Absolute seabreeze, stuff drives crazy

Scenic overlook dribble, include dog  
Lean elbow on, once was, on the inside  
Cats starter looks, add us to someone

Feeling around for, include dog  
Lean elbow on, once was, add up to someone  
Feeling around for, goes fingering everywhere

On is easy, wander in snippets  
Pain eventually is off, touch down, swipe groundwork  
And when it does, once own, once read, am neither

On is easy, breather approves  
And when it does, touch down, swipe groundwork  
Twice as clear, breather approves

Will not fall down, walk over to  
Place the face, flattery slip out of  
Pull on memory open, something about the way

Will not fall down, usually true  
Pull on memory open, flattery slip out of  
Blowcard moonlight, usually true

Passing clouds, look forward to  
Design beautiful late digits, long for, sound of  
Thin picking dip and dip, how can someone

Passing clouds, make sound like  
Thin picking dip and dip, long for, sound of  
Frock and de-, make sound like

Breaks phone ground, for some reason  
Suffix, wordy mirrors  
Blender shrub affiliate, sly froid showroom

Breaks phone ground, lop side sang look  
Blender shrub affiliate, wordy mirrors  
Hat hang smoke on, lop side sang look

About what? Can taste the air  
Get up, walk over, facts on  
Thin issues, more about faces

Thinking out loudspeaker, can taste the air  
Get up, walk over, more about faces  
Thinking out loudspeaker, believe to be true

Never than, the look  
More than enough (wait a minute)  
From the whatever, okay

A long way, the look  
More than enough, okay  
A long way, the rest okay

It in as is, as it turns out  
Shadow the, knows, yes, yes, of course  
Where was, come up with

It in as is, but with time  
Where was, yes, yes, of course  
In a way, but with time

Anything you do, curvy cornflakes  
Outnumbers, doggie walkie  
Getting passed, you snow who

Anything you do, smells alike  
Getting passed, doggie walkie  
Who loves you most, smells alike

(Gasp!) — but still, as always, as ever  
Close to the train, so to speak  
And bang And bang bang, gossip basics

Zip on those legs, as always as ever  
Close to the train, gossip basics  
Zip on those legs, this is sunglasses

As in those movies, so who needs  
In the olden days, keeps awake  
One long grin, hard to say

As in those movies, a wonderful first kiss  
One long grin, keeps awake  
Without cuts, a wonderful first kiss

Molten days, because of lingering  
Nothing's personal, including yours  
Dawn on, fit for, plump be doing

Molten days, appear brief  
Dawn on, fit for, including yours  
Come hither forever, appear brief

Keeping on giving, everybody's great  
And keep on, a few directions  
The same language, forward to going

Translate from to, everybody's great  
And keep on, forward to going  
Translate from to, miss so much

There's money, same as money  
Then there's money, the money  
Then there's money, then there's money

There's money, there's money  
Then there's money, the money  
Same as money, there's money
