We grow up girls, delicate and pretty but pluckable like flowers. Once grown, we're valued for softness and treated hard. In some dark in-between we make the transition from being viewed as XX to XXX and something we can't remember is lost in a place we can't look for it again.

QUICK DISHES

Brown onion, taco sauce, tomato sauce and water; mix thoroughly and simmer 10 minutes. Adjust seasoning with salt and pepper. Assemble salads: spread 2/3 cup corn chips on individual plates. Ar-

matos, avocado and olives over chips. Garnish with a dollop of sour cream. NOTE: Just for fun, place ingredients in separate dishes and let each person assemble his own tostado.

my own experience. "I, myself, have a heavy growth of disgusting hair. I tried
depilatory pastes, evil smelling powders, and painful electric treatments—even a
razor. Shaving simply made the hair grow thicker. At last I found NEW VEET
which contains Wenko-White. This dissolves the keratin in the hair and hair
roots thereby ending all superfluous hair troubles forever. Now my skin is so clean
and white that no one could possibly suspect I was ever afflicted with that horrible
superfluous hair."

Can you afford to neglect your personal appearance any longer,
in this age when it counts so much in social and economic
advancement? Summer Dress and Modern Dancing combine
to make necessary the removal of **objectionable hair**.
Freedom from unwanted hair opens the gates to social enjoyments
that are forever closed to those so afflicted. Thanks to the progress
of science, no woman need now endure the torture and
self-consciousness which a physical blemish causes.
